

raised toilet seats

Our series of purpose designed raised toilet seats are made of durable plastic and feature a mounting clamp for added stability. Each raised toilet seat is manufactured to the highest quality standards with an emphasis on detail and craftsmanship. Model #1600 is height adjustable in 1" increments with a deep splash guard for a clean, hygienic finish, while Model #1610 is ideal for short term care, weighing only 2.25 lbs/ kg. Model #1620 features internal armrests and an extra high weight capacity. Its revolutionary design has no joints or seams to trap dirt.
