

INFINITI 280™

- TWO POSITION SLIDING BASKET
- FLIP-UP SEAT
- LIGHTWEIGHT AND EASY TO FOLD

A welcome addition to the Infiniti family of rollators, the Infiniti 280™ features a flip-up seat for greater access, three seat heights, and a two-position sliding or fixed basket under the seat for security or in front for those great shopping sprees. With 8" wheels for easy handling and a double bearing system that ensures smooth rolling without flutter, the Infiniti 280™ will offer the ease of mobility to live and independent and active lifestyle. Its large, comfortable seat and a roomy basket with an optional security safety bag, gives just the right amount of assistance needed to go anywhere you choose.

Care & Use: Ideal for indoor or outdoor use.
 Specifications: Aluminum frame and basket with vinyl coating, foam handles, plastic backstrap and curb assist. Wheels are made of elastomere with non-corrosive aluminum parts.

INFINITI 500

- **CABLE-FREE BRAKING SYSTEM**
- **LARGE, COMFORTABLE SEAT**
- **TWO POSITION SLIDING BASKET**

Once again, Dana Douglas has listened to what users, therapists, dealers and service technicians have been asking for in a mobility device. The new, award winning INFINITI 500 has it all! This next-generation lightweight rollator incorporates a totally maintenance free braking system - cable free - as well as an abundance of innovative features! No more cables catching on objects eliminates after sales service. A flip-up seat for greater access, three seat heights, and a two-position basket under the seat for security or in front for those great shopping sprees are just some of the features that make the INFINITI 500 the most versatile rollator on the market. With an integrated locking device designed right into the handle and 8" wheels for smooth handling on those day outings or for day to day use in and around the home, the INFINITI 500 will allow you to easily go where you want to go! The INFINITI 500 also has an adjustable soft backstrap that flips away during transportation, a large seat with a non-slip surface and much, much more!

Care & Use: Ideal for indoor or outdoor use.
 Specifications: Aluminum frame and basket with vinyl coating, soft handles, plastic backstrap and curb assist. Wheels are made of elastomere with non-corrosive aluminum parts.
