RAISED TOILET SEATS

- DELUXE SEATS WITH OPTIONAL LID
- ANTIBACTERIAL PROTECTION
- AVAILABLE IN THREE SEAT HEIGHTS

These one piece natural moulded raised toilet seats with antibacterial protection are designed to allow total immersion for cleaning. Available in three seat heights without a lid and two with a lid, they are easily fitted to the toilet in seconds. Removal is equally simple. The gently contoured seat is shaped to distribute the user's weight over a greater area that will not only help to hold the occupant in position, but will also be durable enough to cope with the heaviest user. A wide frontal opening allows easy access for personal cleaning. Models #1682 and #1684 come with a lid as a standard feature, giving a more natural feel as well as a high gloss finish that is not only easy to clean, but resists stains and odour.

Care & Use: Clean with a non-scratch cream cleanser.

Specifications: One piece polyethylene moulding in natural with three L-shaped stainless steel brackets.
