

SHOWER SEATS

- CONTOURED SEAT
- HEIGHT ADJUSTABLE
- OPTIONAL ACCESSORIES

A Model #1425

This lightweight bath seat is made of durable polypropylene plastic and features four suction cup feet that allow weight to be evenly distributed to the strongest part of the bathtub, the bottom. Its contoured seat assists in personal cleaning and its all-plastic design assures stability. Its textured, non-slip surface provides a secure, raised sitting position for any tub size.

Care & Use: Clean with household disinfectant.

Specifications: Polypropylene one piece moulded plastic with clear plastic suction cup feet.

B Model #1460

C Model #1465

These adjustable shower seats have an easy to clean design with specially positioned holes for consistent drainage of excess water and suction cup feet for stability. They feature holders for a left or right hand-held shower hose, a strong, white blow moulded plastic seat and an optional left or right handed red handle. Model #1465 comes with a comfortable backrest.

Care & Use: Clean with a non-scratch cream cleanser.

Specifications: White blow-moulded plastic seat with aluminum legs and rubber suction cup feet.
