

TRANSFER BATH BOARDS

A

B

- WIDE, COMFORTABLE SEAT
- ANTI-SLIP RUBBER PADS
- ADJUSTABLE TO FIT MOST ANY TUB

A Model #1490 (Standard)

B Model #1495 (Deluxe)

Designed to assist those unable to lower themselves completely into the bathtub, our bath boards have all the style associated with plastic and adjust easily to fit most any width of bathtub. Model #1490 features a strong plywood base, a lightly textured surface to prevent slipping and four rubber pillars capped with a non-slip surface. The moulded plastic surface cannot tear or split and it features rounded edges for easy cleaning. Our deluxe Model #1495 features an extra wide seat, an optional bright red handle which gives added stability when getting into the bathtub, a convenient built-in soap rest with ergonomically positioned drainage holes and a left or right hand holder for a hand held shower hose. Its anti-slip rubber pads improve safety with no damage to the bathtub surface. Its footrest assembly is easily adjusted and tightened to securely fit most any width of bathtub.

Care & Use: **A** Clean with a non-scratch cream cleanser or household disinfectant
B Wash with mild soap and clean water.
Specifications: **A** Board Top: Polypropylene, Support: Waterproof bonded plywood
B White plastic board with anti-slip rubber pads under seat and on footrests.
